Re: West Virginia Department of Environmental Protection's application for a permit under the Clean Water Act for the discharge of effluent from the West Virginia Department of Environmental Protection's wastewater treatment plant located at 1000 Lincoln Drive, Martinsburg, West Virginia.

On April 11, 2008, the West Virginia Department of Environmental Protection (WVDEP) submitted an application for a permit under the Clean Water Act (CWA) for the discharge of effluent from the WVDEP's wastewater treatment plant located at 1000 Lincoln Drive, Martinsburg, West Virginia.

The application was received by the EPA Region III Office on April 11, 2008. The application is being processed in accordance with the requirements of the CWA and the National Pollutant Discharge Elimination System (NPDES) regulations.

The application includes the following information:

1. A description of the facility and the proposed discharge.

2. A description of the effluent treatment process.

3. A description of the monitoring and reporting requirements.

4. A description of the compliance schedule.

5. A description of the public participation process.
