

CHEM F449  
Biochemistry: Metabolism  
Spring 2023

Lecture: Asynchronous; posted on Canvas  
Recitation: Wednesday 12:00-1:00 via zoom I will likely add

Course Structure: Weekly lectures will be pre-recorded and posted on Canvas. We will cover approximately one chapter per week. Every Wednesday we will meet on zoom for a recitation session. You will be required to listen to the pre-recorded lectures prior to recitation. During recitation we will work problems together or in small group breakout sessions. Each chapter will be accompanied with a short, timed, open book, online, chapter quiz. Homework will consist of illustrating or creating a diagram of compounds or cycles

and scaled to 100 points at the end of the semester. Students may also be required to

Computer access:
