The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

The Board of Regents shall have the authority to establish, modify, and eliminate fees and charges for the use of the University's facilities, services, and programs, and to determine the method of collection and the use of the proceeds thereof.

Board of Regents Policy 05.10.070

Generally, student fees should have a direct relationship to the associated service, activity, or course and be assessed on the estimated cost of providing the service or benefit. Use fees should not be based on a long-term basis. The actual cost of service or activity for which the fee is assessed. Course fees and use and service fees all are charged for the use of facilities, equipment, and services beyond those normally covered by tuition at the respective campus. In certain instances, certain administrative fees may be established at amounts unrelated to the cost of the service or activity.

University Regulation 05.10.070

B. # course use service and administrative fees are established if they are effective cancellor or designee determine that such fees are reasonable and appropriate. The cancellor will establish a process for a review and continuing or periodic review of student fees. The cancellor will establish a process for assessment of the fee amount of the fee estimated annual revenue and the proposed use of receipts from the fee and the proposed effective date of any new or revised fee. The cancellor will establish a process for continuing review of student costs and in that process including notice to students of course related fees and their use at the beginning of each semester and inclusion of a request for the level of satisfaction that is evaluated. The cancellor will establish a process for the review of fees as part of the student's teacher course evaluation.

#. # course fees shall be a reasonable portion of the total cost of providing the course such that the cost of the course is not prohibitively high. The cancellor will establish a process for the review of student fees and the proposed use of receipts from the fee and the proposed effective date of any new or revised fee. The cancellor will establish a process for continuing review of student costs and in that process including notice to students of course related fees and their use at the beginning of each semester and inclusion of a request for the level of satisfaction that is evaluated. The cancellor will establish a process for the review of fees as part of the student's teacher course evaluation.

@. ° All student fees including student government fees, course fees, use and service fees, and administrative fees shall be published in the course schedules, student and course and registration instructions - all U°Us shall maintain a list that identifies all student fees and discloses for each the amount of the fee, its purpose, the basis for the fee, and an explanation of the use of the proceeds. The cancellor will establish a process for the review of student fees and the proposed use of receipts from the fee and the proposed effective date of any new or revised fee. The cancellor will establish a process for continuing review of student costs and in that process including notice to students of course related fees and their use at the beginning of each semester and inclusion of a request for the level of satisfaction that is evaluated. The cancellor will establish a process for the review of fees as part of the student's teacher course evaluation.

K. Fees must be established far enough in advance to be published in the course schedule. Voluntary fees or fee increases shall be argued to students. The cancellor will establish a process for the review of student fees and the proposed use of receipts from the fee and the proposed effective date of any new or revised fee. The cancellor will establish a process for continuing review of student costs and in that process including notice to students of course related fees and their use at the beginning of each semester and inclusion of a request for the level of satisfaction that is evaluated. The cancellor will establish a process for the review of fees as part of the student's teacher course evaluation.
