

## Virtual E

Washable paint, construction paper in various colors, scissors, glue, crayons or colored pencils. *Optional:* Googly eyes.

Trace an outline of your foot on brown construction paper, and cut out the shape. This will be your moose's face.

Cut eye and nostril pieces from construction paper. Glue them to the face piece, and then glue the face piece to white paper.

Add antlers with brown paint handprints.

Make a footprint with white paint on dark-colored construction paper.

Cut out ear and paw pieces from white paper. Glue the ears on the heel side of the footprint, and the paws on either side of the toe prints.

After the paint dries, add eyes, whiskers, and a nose with crayons or colored pencils.

Draw a butterfly or bird body (without wings) on construction paper, using simple geometric shapes. Cut out and glue the animal body onto white paper.

Add wings with colorful handprints.

Draw eyes or antennae.
