Hello UAF Staff:

As a UAF staff member, you are represented by your department's Staff Council. Staff Councils are defined by UAF departmental agreements and are made up of representatives from each department. Each department has a representative on the Staff Council. Staff Councils are elected for a two-year term and meet regularly to discuss and address departmental issues. Staff Councils are also responsible for recommending changes to the departmental agreement.

The Staff Council has a Time Keeping Load (TKL) as a tracking mechanism to ensure that the TKL is the best for the department. Staff Councils are responsible for recommending changes to the TKL. Staff Councils are also responsible for recommending changes to the departmental agreement (DIA). The DIA is kept up to date and is used to make Staff Council tracking more accurate and more easier to determine and keep track of.

As a result of this process, staff members might have a change in their departmental agreement. The Staff Council will be notified 30 days in advance of any changes to the departmental agreement. The Staff Council will be notified of any changes to the departmental agreement. The Staff Council will be notified of any changes to the departmental agreement. Please email staff-council@alaska.edu by the Staff Council meeting on March 13 from 9:30a-12:00p. All changes will be effective January 1, 2019.

The proposed changes are:

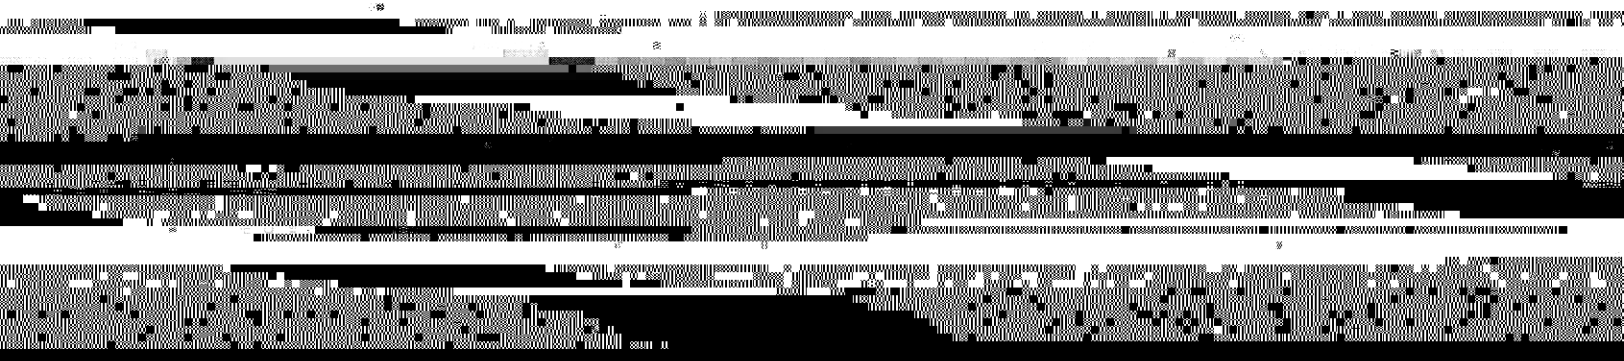

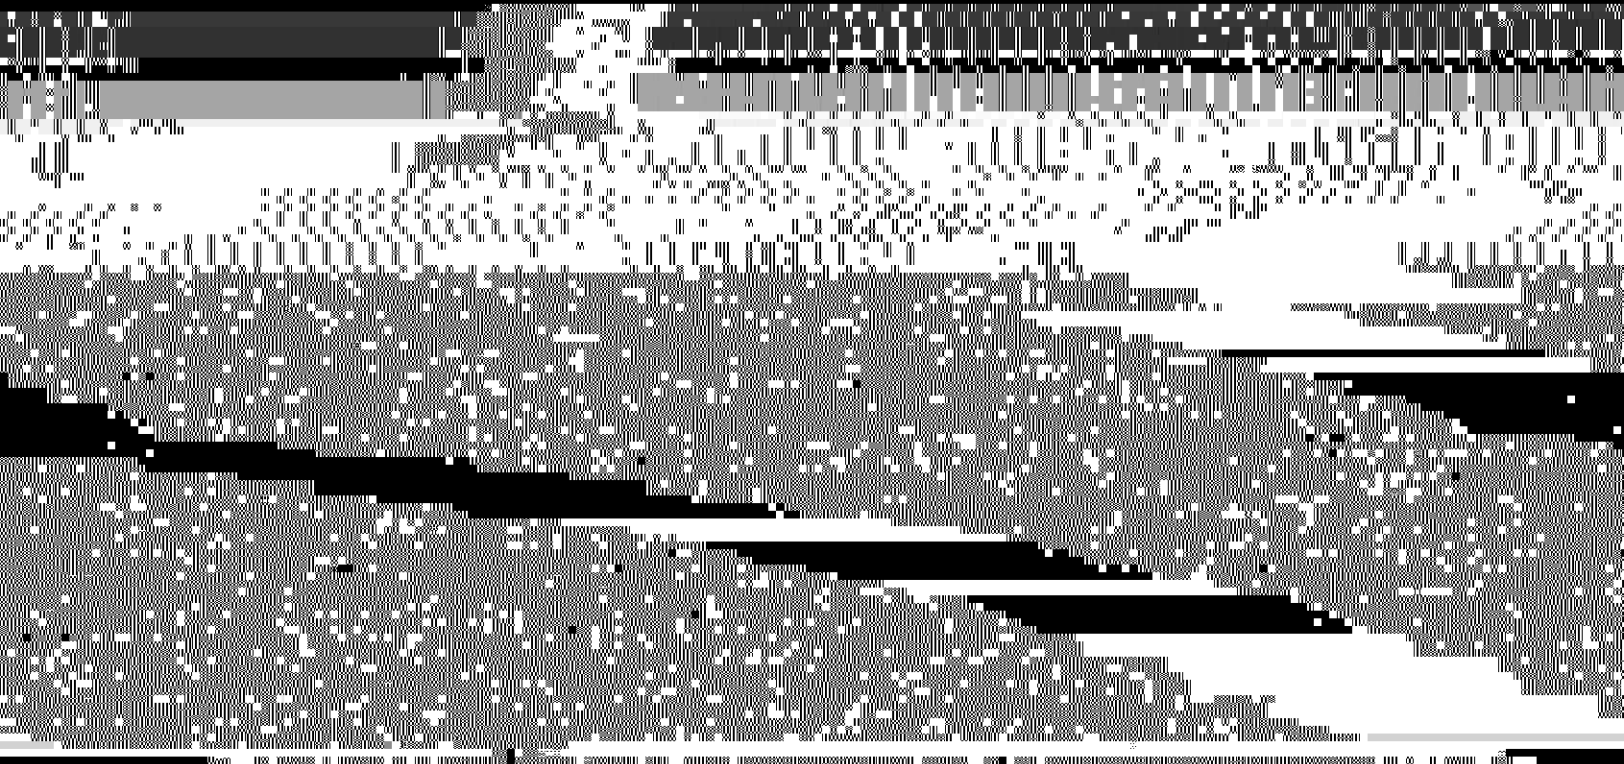

- Learning will move from Unit 2 (CRCD, CTC) to Unit 9 (Chapel Hill)
- KUAC, University Relations, and Marketing will move from Unit 7 (USA) to Unit 9 (Chapel Hill)
- BLaST will move from Unit 7 (USA) to Unit 10 (CNSM, Merritt)
- SNRE Health, Home, & Family Development will move from Unit 9 (Chapel Hill) to Unit 3 (CEM, SNRE, SOM)
- SOE will move from Unit 9 (Chapel Hill) to Unit 10 (CNSM, Merritt)
